# 5-DRAWER TOOL CABINET

## DWST98236-1

 **WARNING:** Read all safety warnings, instructions, illustrations, and specifications in this manual. Manuals can be obtained by contacting Customer Service (refer to the back page of this manual).

### Technical Data

| DWST98236-1                               |    |     |
|-------------------------------------------|----|-----|
| Capacity                                  |    |     |
| Maximum weight per top four drawers       | kg | 45  |
| Maximum weight per bottom drawer          | kg | 90  |
| Maximum product weight including contents | kg | 635 |

 **WARNING:** To reduce the risk of injury, read the instruction manual.

### Definitions: Safety Guidelines

The definitions below describe the level of severity for each signal word. Please read the manual and pay attention to these symbols.

-  **DANGER:** Indicates an imminently hazardous situation which, if not avoided, **will** result in **death or serious injury**.
-  **WARNING:** Indicates a potentially hazardous situation which, if not avoided, **could** result in **death or serious injury**.
-  **CAUTION:** Indicates a potentially hazardous situation which, if not avoided, **may** result in **minor or moderate injury**.
- NOTICE:** Indicates a practice **not related to personal injury** which, if not avoided, **may** result in **property damage**.

 Denotes risk of electric shock.

 Denotes risk of fire.

 **CAUTION:** Lock the drawers before moving this product. The drawers could come open and make the product unstable and tip, which may casuse personal or product damage.

 **CAUTION:** Do not attach or mount this product to a vehicle. This may cause personal injury or product damage. Mounting this product to any vehicle in any manner will void warranty.

 **CAUTION:** Be careful when opening more than one drawer. The product may become unstable and tip, which may cause personal injury or product damage.

 **CAUTION:** Keep the product on level surfaces. The product may become unstable and tip if stored or moved on an unlevel surface, which may cause personal injury or product damage.

 **CAUTION:** Do not stand on this product. You may fall which may cause personal injury.

 **CAUTION:**

1. Do not pull this unit, push it when moving.
2. Use the brakes when this product is not being moved. This prevents the product from rolling.
3. Secure this product properly before moving it with a forklift.
4. Do not tow the product with power equipment.
5. Do not alter this product in any manner. For example, do not weld external lock bars or attach electrical equipment.
6. When locking a cabinet, close the drawers completely in order for the rear lock bars to work properly.

|                                                                                     |                                             |
|-------------------------------------------------------------------------------------|---------------------------------------------|
|    | Read the manual                             |
|    | Do not pull unit                            |
|    | Do not put unit on unlevel surface          |
|    | Lock unit before moving it. Push unit       |
|    | Keep unit on level surface                  |
|    | Evenly distribute weight per drawer         |
|    | Do not put all weight to one side of drawer |
|    | Do not use drawers of cabinet as step       |
|    | Do not open all drawers or unit will tip    |
|    | No sitting                                  |
|   | No climbing                                 |
|  | Do not exceed max load                      |
|  | No children allowed                         |
|  | Warning: sharp hazard                       |

### Date Code Position (Fig. E)

The production date code **10** consists of a 4-digit year followed by a 2-digit week and is extended by a 3-digit factory code.

## Description (Fig. A)

**⚠ WARNING:** Never modify the cabinet or any part of it. Damage or personal injury could result.

- 1 Cabinet
- 2 Cabinet handle
- 3 Fixed caster
- 4 Swivel caster
- 5 Adjustable wrench (not included)
- 6 Hex wrench (not included)
- 7 M8 x 25 Bolt
- 8 M6 x 16 Bolt
- 9 Washer
- 10 Date code

## Assembly

**⚠ CAUTION:** Do not overtighten the bolts.

**NOTE:** Begin product assembly close to the intended final location of your cabinet. This product is heavy and may be difficult to move after assembly.

**NOTE:** The keys are taped to the first drawer.

### Attaching the Cabinet Handle (Fig. A, B)

1. Position the cabinet handle **2** behind the holes on the cabinet **1**.
2. Attach with the M6 x 16 bolts **8** and washers **9**.
3. Tighten with the adjustable wrench **5**.

### Attaching the Casters (Fig. A, C)

1. Ensure the drawers are locked, then lay the cabinet on its side.
2. Attach the swivel casters **4** that go on the same end as the handle **2**.
3. Insert the M8 x 25 bolts **7** through the swivel casters and into the cabinet.
4. Tighten with the adjustable wrench **5**.
5. Repeat this process for the fixed casters **3** on the opposite end of the cabinet.
6. Return the cabinet to its upright position.

## Operation (Fig. D, E)

### Removing the Drawers

1. Fully extend the empty drawer **11**.
2. Push up on the first release lever **12** while pulling down on the second release lever **13** on the other side.
3. Pull the drawer outward until it is released from the drawer slides **14**.

### Reinserting the Drawers

1. Fully extend the drawer slides **14**.
2. Insert the brackets **15** on each side of the drawer into the slots **16** in the slides, being careful that they are properly positioned.
3. Once properly inserted, completely close the drawer to set the slides in their proper positions.

## Maintenance (Fig. A, F, G)

### Caster Maintenance

- Grease the casters (**3**, **4**) annually using high-quality bearing grease.

### Drawer Maintenance

- Lubricate the drawer slides **14** semiannually.

## Care and Cleaning

- Periodically clean the drawer fronts, drawer trim, and other surfaces with a mild detergent and water.
- Auto wax preserves the storage unit's luster finish and protects against scratches. Apply the wax as you would on a car.
- Remove grease and oil with a standard non-flammable cleaning liquid.

## Optional Accessories

**⚠ WARNING:** Since accessories, other than those offered by DEWALT, have not been tested with this product, use of such accessories with this tool could be hazardous. To reduce the risk of injury, only DEWALT-recommended accessories should be used with this product.

Consult your dealer for further information on the appropriate accessories.

## Protecting the Environment

Please check with your local community/municipality for waste management guidance. Operating and safety instructions should only be discarded once the applicable product is no longer in use. For further information, visit [www.2helpU.com](http://www.2helpU.com) and scan the above QR code.
